

3rd International Symposium on Laser Ultrasonics and Advanced Sensing

June 25-28, 2013
Yokohama, Japan

LU2013

The Yokohama Red Brick Warehouse

Plenary talks :

Dr. Alain Blouin “Recent developments in laser-ultrasonic applications”

Prof. Oliver B. Wright “Fleeting photons and phonons in tight places”

Prof. Igor Solodov “Nonlinear laser vibrometry for defect-selective imaging in ultrasonic nondestructive testing”
